A WEEKEND IN VERONA HALLMARKED BY MODELS AND GAMES

Model Expo Italy is the Italian landmark exhibition in the model sector. The event is scheduled **21 & 22 May 2016 at Veronafiere**.

Model Expo Italy - now as its 12th edition - is also a tourism ideal for families: 5 exhibition halls, 2 large outdoor show areas, a total occupied area of 63,000 square metres, 307 Exhibitors, 118 associations, over 70 events, competitions, workshops and shows for an entire weekend hallmarked by entertainment and creativity.

The exhibition area also boasts 4 dining areas, including a self-service restaurant. The P3 Parking Area in the Former Fruit & Vegetable market is located opposite the Cangrande Entrance Gate (the main entrance for the event).

There are 6 theme areas dedicated to model cars, model aeroplanes, model railways, model boats, static models and a Special Area (new for 2016) with a display stage for Slot Cars, flight simulators, mini 4 WD and an event dedicated to "makers".

In addition, following huge success in 2015, Model Expo Italy also presents the new edition of the Games District, the format entirely dedicated to games in all their forms. Board and society games, video games, cosplay, events, tournaments and shows will animate Hall 2 - the new hall entirely dedicated to this event.

Do not hesitate to contact us if you need more information.

Best Regards,
