# KEY ENERGY

12<sup>th</sup> International expo  
for renewable energy  
and sustainable mobility

We help companies to become world leaders in innovation, promoting the development of an entrepreneurial, innovative and sustainable ecosystem.

We watch over the entire **circular economy** supply chain, from the recovery of **raw material** and **energy** to sustainable development and from transport to **smart cities**, and we provide greater promotion for the sectors of industry, favouring international networking and the growth of companies on markets all over the world.

**Ecomondo – Key Energy** is the international reference event for the new models of circular economy for the Mediterranean Basin.

**AN INNOVATIVE FORMAT THAT BRINGS TOGETHER ALL SECTORS OF THE CIRCULAR ECONOMY IN A SINGLE PLATFORM: FROM MATERIAL AND ENERGY RECOVERY TO SUSTAINABLE DEVELOPMENT.**

# WHY YOU SHOULD BE THERE

- To meet the most qualified international buyers in the sector
- To get in contact with the operators involved in demand for green economy technologies
- To engage in discussion with the most innovative international businesses
- To find out what's new in the areas of re-use, industrial eco-design, the circular bio-economy and energy efficiency
- To get in contact with European institutions, universities and research bodies
- To take part in the training and information events: more than 200 with speakers of international stature
- To grow your business and project your company into the future

# SECTORS

-  WASTE AND RESOURCES
-  BIOBASED INDUSTRY
-  RECLAMATION AND HYDROGEOLOGICAL RISK,
-  WATER
-  ENERGY
-  CIRCULAR CITY & MOBILITY

Among the 28 countries of the EU, Italy is the one that regenerates most waste in relation to that produced, 76.9%. This leadership allows Ecomondo to position itself on the international scene as the setting where leading market companies meet to discover the trends in the green supply chain and technological innovations and to stay up to date on new opportunities.
