In case of a breach to the provisions of these General Rules or subsequent amendments, Fiera Milano, by virtue of its supervisory powers, can exclude the infringing Exhibitor from the future editions of the event.

27) FORCE MAJEURE, EXCLUSION OF LIABILITY AND CLAUSE COVID-19

In the event that a cause of force majeure occurs, which has to be understood unpredictable events that make impossible the holding of the event and also for causes not attributable to Fiera Milano, the latter may: modify the date of the Exhibition and/or cancel the Exhibition, either entirely or in part. It is understood that in case Fiera Milano modify the date of the Exhibition, the Exhibitor continues to be involved by the commitment to participate to the Exhibition under the same terms and conditions as set out in these General Regulation and the application form for admission and the sums already paid by him will be considered valid for the new date. In case of the Exhibition is cancelled: Fiera Milano may use the sums paid by Exhibitors, with no obligation to refund the latter, to pay debts incurred with third parties, also for partial organization costs of any kind; and Exhibitors shall make no claims to Fiera Milano for damages or of any other kind. In the same way, Fiera Milano shall not be responsible in any way for the adoption of safety measures in the workplace and for products as outlined by Italian Legislative Decree 81/08 (Consolidation Act on safety) that are the responsibility of Exhibitors and/or parties authorized by the same. By way of derogation from the above paragraph, the Exhibitor expressly accepts that if - as a consequence of the further spread and/or possible worsening or in any case of the dangerous situation in Italy for individual and/or collective public health resulting from the epidemic called "Coronavirus" - the Exhibition is cancelled exclusively because it is forbidden by orders of public authorities and/or it has to be rescheduled at the unquestionable discretion of Fiera Milano S.p.A. and, in this case, the Exhibitor himself is unable to participate, Fiera Milano S.p.A. in both cases will have the exclusive right to retain as compensation the registration fee paid, plus an amount equal to 10% of the total amount due by the Exhibitor for his participation in the Exhibition. Any excess amount will be returned to the Exhibitor, it being understood that nothing else will be due to the latter for any reason whatsoever (compensation, reimbursement of expenses, damage compensation).

28) EXPOSURE OF PRICES AND SALE OF PRODUCTS

Display of prices and sale of products on the premises is strictly prohibited. Violation of this rule may carry the closing down of stand and the withdrawal of access pass and ban from participation in the show in future.

29) FORBIDDEN ACTIVITIES

In general, any activity that may be detrimental to disturb or harm the normal running of the Event is forbidden. The following activities are absolutely prohibited:

- the display of products different from the product category stated in the Application Form;
- advertising outside the exhibitor's own stand. Advertising within the fairground shall be carried out solely through Fiera Milano S.p.A. or by its appointed Entity;

- the distribution and delivery of any technical-informative and advertising material (magazines, manuals, books, brochures or anything else) not strictly pertinent to the Exhibitor, who may however distribute or deliver advertising material as long as it is strictly pertinent to his business sector, solely on his own stand; posters referring to calls for tender by bodies, organizations, newspapers, weekly or specialist magazines may not be displayed even on stands without prior written authorization from the Organizer;
- introducing animals, except those accompanying disabled persons;
- allowing entry to persons under 18 years, even if accompanied by an adult;
- promoting offers, begging and requesting donations of any kind, religious, political and union activities;
- smoking inside all the enclosed spaces of the fairground;
- permanence on the stands or in the area of the Event during closing hours.

Should the exhibitor fail to comply with just one of these prohibitions, the application request to the exhibition could be cancelled solely by means of a written notification at the exhibitor's stand, with immediate closure of the stand without prejudice to the sums due by the exhibitor as well as any damage.

30) DEFINITIVE TECHNICAL PROVISIONS

Additional rules of a technical and general nature shall be communicated online through the Technical Regulations, available for downloading from the website www.fieramilano.it; they will form an integral part of these Regulations. Exhibitors and their outfitters for the construction of the stands shall strictly comply with the rules contained in Legislative Decree 81/2008. In compliance with the aforementioned decree, exhibitors shall also indicate, in the space provided in the participation application, the person responsible for safety in the stand. Additionally, the exhibitor may make use of optional services provided by Fiera Milano S.p.A. to be ordered through the online E-Service system of Fiera Milano S.p.A., e.g.: connection to the water supply, catering, IT services, telecommunication systems, hanging fixtures, rental of lighting trusses, etc. Optional services are not included in the participation fees and they shall be invoiced separately by Fiera Milano S.p.A.

31) OCCUPATIONAL SAFETY

Each Exhibitor is required to scrupulously comply with the entire regulatory system in force, also and above all with regard to the protection of the health and physical integrity of workers, and with labour, social security and welfare legislation for the entire duration of the Exhibition, including the time required for the assembly and dismantling of stands and any other related activity. Furthermore, the Exhibitor undertakes to observe and ensure that all contractors working on its behalf, during the assembly and dismantling of the stand and in relation to any other related or contracted activity, comply with the Technical Regulations of Fiera Milano and any supplementary sections thereof, the provisions contained in art. 88 of the Italian Legislative Decree 81/2008, paragraph 2-bis and its implementing Ministerial Decree of 22.7.2014, issued by the Ministry of Labour and Social Policies and the Ministry of Health. The Technical Regulations, which can be consulted on the website www.fieramilano.it, in the link to the Event, in the section "Exhibitors - Technical Information" contain, among other things, precautionary rules regarding exhibition safety (fire prevention, electrical systems, environmental protection, etc.), with the exclusion of the specific safety rules concerning the activities carried out by the Exhibitor or contracted out by the latter to the contractors (stand assembly and dismantling and related activities), the verification and observance of which remains the responsibility of the Exhibitor itself. For the purposes of fulfilling the obligations contained in the Italian Ministerial Decree 22.7.2014 above, the Organizer makes the documents referred to in Annexes IV and V of the Ministerial Decree itself available on its own website and that of Fiera Milano. Behaviours that do not comply with the above safety regulations, in particular when they may affect the general safety of the halls and third parties present, may be the subject of intervention by the Organizer and/or Fiera Milano, as part of random and sample checks, and may result in the immediate deactivation of utilities supplied to the stand or the immediate closure of the same. Any other consequence that may arise from failure to comply with the above provisions is solely the responsibility of the Exhibitor and the its contracted companies. Fiera Milano may remove from the Exhibition Centre personnel of contractors/self-employed persons working on behalf of the Exhibitor if they do not have the identification card provided for by articles 18, paragraph 1, letter u), 21, paragraph 1, letter c), 26, paragraph 8 of the Italian Legislative Decree 81/08 and non-EU personnel if, even if they have the identification card referred to above, they do not have a valid, legible residence permit or a valid, legible identity card. The Employer who is responsible for such personnel will be charged consequently. The Exhibitor that, as customer, has authorised the company to operate in the district on its own account for the execution of works, will be informed of the claim. **The Exhibitor is responsible for the compliance with the regulations in force of everything that is carried out and organised on its behalf in relation to outfittings, structures, systems, products on display and all related activities.** Each Exhibitor must appoint a "Contact Person of the Exhibitor for the Exhibition Safety" (RSE) who will, for safety purposes, be liable towards all subjects possibly involved for all responsibilities in respect of the activities conducted on the Exhibitor's behalf during the entire time of stay at the exhibition district. At the Exhibitor's discretion, and under its full responsibility, the "Contact Person of the Exhibitor for the Exhibition Safety" (RSE) may also be a different person in each of the three stages mentioned above (assembly, exhibition and dismantling). The name of this Contact Person and the relevant telephone numbers must be communicated to the Organizer and Fiera Milano before the stand assembly works begin and, in any case, before workers and materials enter the Fiera Milano district. The names and contact details of the Contact Persons for the Exhibition Safety of neighbouring stands will be made available to Exhibitors at the Organizer and at Fiera Milano so that, through the exchange of information, it will be possible to identify any preventive measures to be applied to eliminate or, where this is not possible, minimise the risks of interference, where present. If the name of the "Contact Person of the Exhibitor for the Exhibition Safety" (RSE) is not communicated, this function will be held by the legal representative of the Exhibitor Company. Any changes to the name of the "Contact Person of the Exhibitor for the Exhibition Safety" must be promptly communicated to the Organizer and Fiera Milano. **Service providers working on behalf of Fiera Milano will only access the stand in the presence of the "Contact Person of the Exhibitor for the Exhibition Safety" and after authorisation from the latter. The above restriction does not apply to personnel responsible for surveillance and security of the area.**

32) FIERA MILANO S.p.A. OBLIGATIONS AND RESPONSIBILITIES

Fiera Milano S.p.A. undertakes to deliver the assigned exhibition space to the exhibitor as under the terms of art. 8 of the General Regulations of the Show and to supply the services as under art. 10. In any event the exhibitor exonerates Fiera Milano S.p.A. from any liability subject to such restrictions as are laid down in art. 1229 of the Italian Civil Code. In any event, the liability of Fiera Milano S.p.A. does not extend beyond the payment of a sum amounting to 30% of the fee owed by the exhibitor and is exclusive of any further compensation whatsoever for damages incurred by the latter.

33) EXHIBITORS' LIABILITY FOR GOODS DISPLAYED AT THE TRADE SHOW

Every exhibitor undertakes to comply with national, European and international regulations (including regulations on food hygiene and safety, labelling, business communications, non-preferential origin of goods, etc.) and accepts full liability for any foodstuff display that is not on accordance therewith. The exhibitor holds Fiera Milano S.p.A. harmless from and against any claim or dispute deriving from any product displays that are not authorised according to the regulations in force. In any case, every exhibitor is committed to removing the disputed goods.

34) INTELLECTUAL PROPERTY SERVICE - PROTECTION OF INTELLECTUAL PROPERTY

The Exhibitor represents and warrants that he will comply with the regulation of the Intellectual and Industrial Property Service (available on the exhibition website) and with any amendments to Regulation itself that Fiera Milano S.p.A. could introduce to better regulate the service.

Art. 34.1 - Protection of Industrial and Intellectual Property Rights

The Exhibitor undertakes as follows: a) not to show any product involved in an intellectual property dispute whereby the final judgement ruled

against the Exhibitor; and b) not to display prototypes and/or objects with trademarks, logos, decorations, unless the Exhibitor has obtained all Intellectual Property Rights. By signing the Application, the Exhibitor assumes all criminal and civil responsibility for everything exhibited on his stand and simultaneously releases Fiera Milano from all liabilities in the event that other economic parties claim industrial and/or intellectual property of the products in question. The Exhibitor also assumes responsibility for checking if his own rights are breached by other Exhibitors at the Event and agrees not to advance any claims to Fiera Milano for any damage caused by breach of the provisions in this paragraph.

35) USE OF IMAGES OF THE EXHIBITOR ACQUIRED DURING THE EXHIBITION

In relation to the images of the Exhibitor, their stand and/or representatives, members, employees and workers, acquired or recorded in any way (such as, using cameras, video cameras or audiovisual recordings) during the Event, the above-mentioned Exhibitor declares to be aware, pursuant to European (EU) General Data Protection Regulation 2016/679, that Fiera Milano S.p.A. may collect and process said images and disseminate them for informative, promotional and commercial purposes pursuant to the terms specified in Article 38, and therefore grants Fiera Milano S.p.A. the free use of these images, for these purposes, as per articles 96 and 97 of Italian Law no. 633/1941, authorising Fiera Milano S.p.A. to use them through any means of communication (including, for example, brochures, presentations, catalogues and, in general, all the printed material necessary for their disclosure and promotion, TV, pay-per-view, etc.) and dissemination via internet (company website, social networks, etc.) or via magazines and other publications, including digital ones, with the rights to adapt and reproduce them for all legal purposes. For this purpose, the Exhibitor declares and guarantees to have: (i) obtained the authorisation of the data subjects for the processing of the data relative to their photos, video recordings etc. by Fiera Milano S.p.A., including their dissemination for informative, promotional and advertising purposes pursuant to the terms of the European (EU) General Data Protection Regulation 2016/679; (ii) obtained authorisation for the use and dissemination of the images, pursuant to Articles 96 and 97 of Italian Law no. 633/1941 on copyright, in the above-mentioned terms, from the natural persons portrayed or recorded, their representatives, members, employees and workers during the above-mentioned event. In relation to the previous sections (i) and (ii), the Exhibitor undertakes to indemnify and hold Fiera Milano S.p.A. harmless from all disputes, actions or claims that may be raised by the above-mentioned persons with regard to the indicated use and disclosure of the relative images described above.

36) OBLIGATION OF COMPLIANCE OF GENERAL REGULATIONS

The Exhibitor agrees to observe and, pursuant to section 1381 of the Civil Code, to make sure that indirect Exhibitors observe the regulations of this General Regulations for the behaviours referred to them according to those regulations.

36 bis) MEASURES TO GUARANTEE PERSONAL SECURITY IN THE FIERA EXHIBITION CENTRE

Fiera Milano, in observance of the instructions provided by the Public Security Authority, has adopted the infrastructural, organisational and operational measures deemed necessary to guarantee the security of the individuals present for any reason in the Fiera Exhibition Centre. Merely by way of example, the following may be provided for, at the sole discretion of Fiera Milano:

- a) particular means of access to and exit from the Fiera Exhibition Centre (specific entrances/exits or reserved lanes, times, systems for the regulation and control of accesses and flows), which may be differentiated according to user categories;
- b) security checks, which may also be carried out with the aid of fixed or portable equipment or instruments, on people, baggage and personal effects, both upon entry to the Fiera Exhibition Centre and inside it, and, where necessary, upon exit. These checks will be carried out by Fiera Milano staff or by third parties entrusted by Fiera Milano for the purpose. Without prejudice to notification to Law Enforcement Agencies and any measures that may be adopted thereby, users who refuse to undergo checks will be prevented from entering the Fiera Exhibition Centre. If said users are already in the trade fair district, they will be removed immediately. Users invited to undergo a check must guarantee maximum collaboration, so that the check can be carried out as effectively and quickly as possible given the nature of the activity. Following said checks, and without prejudice to notification to Law Enforcement Agencies and any measures that may consequently be adopted thereby, Fiera Milano reserves the right, at its sole discretion, to refuse entry to the trade fair district to suspect individuals or objects, and to immediately remove any suspect individuals already inside the trade fair district; suspect objects must be immediately removed from the trade fair district by and under the responsibility of those in possession of them. Fiera Milano is under no obligation to provide services for the safekeeping of suspect objects;
- c) variations or limits to pedestrian and vehicular routes within the Fiera Exhibition Centre, including the positioning of barriers, Jersey barriers, speed bumps and the like;
- d) forcible removal, at the risk and expense of the owner, of means of transport of work equipment, objects or personal effects deemed suspect or liable to interfere with security checks.

The measures in this paragraph are also applicable to all visitors and guests admitted to the trade fair events.

36 ter) OTHER MEASURES MONITORING

Without prejudice to the individual measures, compliance with the General Regulation is enforced by the staff of the Organiser, the pertinent offices of Fiera Milano and, where necessary, to third parties (physical or legal persons) appointed by the same.

37) CLAIMS, GOVERNING LAW AND COURT OF COMPETENCE

Any claims must be submitted in writing to Fiera Milano. The applicable law is the Italian Law and the Court of Milan shall have competence to decide any dispute as may arise.

38) PROCESSING OF THE EXHIBITOR'S PERSONAL DATA

1. The exhibitor states to be informed that the provisions of the European (EU) General Data Protection Regulation 2016/679 ("GDPR") concern processing for natural persons ("Personal Data") and do not apply to legal persons (companies), organisations and associations and the information ("Information") referring to these subjects, for which only the regulations on the delivery of electronic trade communications remain (the exhibitor can provide the consent required to deliver electronic communications for direct marketing purposes).

2. The Personal Data of the Exhibitor, where the same works as a sole proprietorship, a small business or a professional, and those of the representatives, members, employees and workers of the Exhibitor indicated in the Application for admission or also issued subsequently, as well as those acquired from third parties (e.g.: partners, commercial information companies, etc.) or during the Event (including, for example, any photos or video recordings made at the stands: see Article 36) is collected and processed by Fiera Milano S.p.a. (the "Data Controller" or "our company") under the terms described in the following paragraphs.

3. The aforementioned Personal Data is processed for the following purposes: to meet the obligations and services concerning Event participation (including Event catalogue disclosure through advertising, also electronically), providing the relevant services, meeting regulatory obligations and completing the associated administrative, accounting and tax activities. Processing the Exhibitor's personal data is thus necessary to establish and execute the contract concerning event participation, meeting the associated legal obligations and pursuing the legitimate interests of our company and companies in our Group for administrative, organisational, technical and security activity management associated with the Exhibitor's participation in the event and the provision of the relevant services. Failure, even partial, to provide the required personal data would not permit the Exhibitor's admission to the event and supply of the associated services.

4. For these purposes, personal data will be processed also electronically, through specific, mainly computerised, procedures and methods to ensure the correct management of the services provided. Personal data may be retained even after the event for administrative and accounting activities and tax obligations, for a period set out in applicable standards (usually ten years).

5. For these activities, the data can also be handled by personnel and collaborators authorised by our Company to process data in order to carry

out administrative, technical, and security tasks related to the organisation and management of the event. Data can also be communicated to other companies in the Fiera Milano Group (see updated list on www.fieramilano.it) and trusted companies that provide us with organisational and technical services relevant to the event, such as installers, support and maintenance companies, printers, data processing companies, administrative consultancy studios and companies appointed to measure the performance of the event. The companies that process personal data on behalf of Fiera Milano S.p.A. operate as data processors meeting the specific obligations set forth in the relevant service contracts. For these purposes, personal data can be transferred to companies outside the EU, if the European Commission has recognised that these countries offer an adequate level of data protection (e.g. Switzerland, Australia, Israel, and USA for companies complying with the Privacy Shield framework), or based on suitable guarantees (such as standard contractual clauses or binding corporate regulations) or, should these conditions not be fulfilled, if said transfer is authorised by the Exhibitor or necessary for executing the contract.

6. Personal data (including images) concerning the Exhibitor's business (entrepreneurial or professional), can also be processed by the Data Controller or collaborators authorised by our company, or companies responsible for data processing to pursue the legitimate interests associated with the analysis of information concerning the Exhibitor's activities, the participation in our events, and requested services and, specifically, for the identification, through electronic processing, of the preferences and potential services of interest (profiling), to detect the quality of the services, complete statistical surveys to support the company's decision-making and strategic processes, to implement business plans and, above all, to provide services and products that meet the Exhibitors' needs.

7. The e-mail and postal addresses provided by the Exhibitor for their participation in the Event and for the use of the relative services can be used by the Data Controller to send the newsletter of the event and related Fiera Milano or the Group's activities, as well as communications regarding similar events and services. The Exhibitor can object, at any time (immediately or also subsequently), to the sending of these communications, by writing to privacy@fieramilano.it or by post to the Data Controller, to the addresses indicated in the Application and in the Rules.

8. Notwithstanding the delivery via e-mail or post of newsletters and communications concerning the event and services of interest, the personal data and contact information (e.g. e-mails) also referred to companies, organisations or associations, can also be processed by the Data Controller prior the Exhibitor's consent (to be provided by selecting the specific boxes), for the following purposes:

a) sending advertising and direct sales materials and performing market research or sending commercial communications by post, telephone, automated calling, fax, e-mail, text message, mms systems on additional exhibition events, the Data Controller's services and products and of Fiera Milano Group companies and of third parties (organisers, exhibitors, installers, qualified operators involved in the exhibition events or also operating in other sectors) interested in proposing favourable commercial offers to exhibitors;

b) sharing data with Fiera Milano Group companies, (see the updated list available on www.fieramilano.it) as well as other companies, including organisers, exhibitors, installers, qualified operators involved in the events or operating in other sectors, such as market research institutes, Fiera Milano sponsors and suppliers for their processing, as Data Controllers, for the purposes and with the methods specified in section a).

9. For the purposes indicated in the previous paragraph, the provision of this data remains optional and does not affect the Exhibitor's participation in the event and use of the relevant services and the data subject is entitled to withdraw previously provided consent (without affecting the lawfulness of processing based on consent before its withdrawal).

10. The GDPR (articles 15-22) ensures the data subject the right to access pertinent personal data at any time, obtain a copy, rectify or complete them if incorrect or incomplete, erase them or restrict their processing when the grounds occur, object to their processing on grounds relating to the particular personal situation and for direct marketing purposes, request data portability if processed by automated means for the execution of the contract or based on the data subject's consent, and lodge a complaint with the personal data Supervisory Authority if it is believed that rights have been infringed.

11. For any further clarification or request concerning the processing of your personal data, the data subject can contact the Data Controller at the addresses provided in the Application and/or Regulation. Additionally, the data subject can apply to the Data Controller to exercise the above-mentioned rights, to learn of the updated list of the categories of data audiences and any processors appointed by our company (also available on website www.fieramilano.it, privacy link).

12. The information in this Article is provided by the Data Controller pursuant to Article 13 of the GDPR and the Exhibitor undertakes to communicate it to the natural persons (its representatives, members, employees and workers) whose Personal Data have been provided for the purposes of their participation in the Event and for the provision of the relative services, and also to guarantee that the Personal Data are lawfully used by the data Controller for these purposes and to indemnify/and or compensate the Data Controller for all costs and damages that may derive from the Exhibitor's breach of the duties to the Data Controller undertaken pursuant to this Article.

By signing this Application Form, the underdesigned Company declares acceptance of and undertakes to fully comply with the Event General Rules and Regulations.
