INSURANCE for INTERNATIONAL EXHIBITORS

As part of our new Health & Safety Policies, all international companies are automatically opted into this program and must subscribe a mandatory insurance. The reason for this change is that most international insurance policies are not valid in the US. Exhibitor Insurance is the official insurance broker for all of our US offices. They provide insurance policies to exhibitors that run from move-in through move-out. They offer insurance coverage for our events to participating exhibiting companies for a cost of \$115 per event. You have the option to opt-out, but there are steps you have to go through and you must have adequate coverage with all the requirements of American insurances. Please see ART. 25 of the General Regulation.

BOOTH SET-UP AND DECORATION SERVICE

Marmomac offers a wide range of booths, structures, extra furnishings and customizations. Exhibitors may choose a shell scheme booth among different types of fully-equipped “basic” booths or, alternately, for maximum exposure, may opt for a custom-made booth (inclusive of booth project/design, construction and decoration). Our staff is at complete disposition to illustrate the modular booths solutions and to offer new personalised and custom made set-up systems ensuring strong scenic and communicational impact at a competitive cost.
