## ForumPiscine – Outex – ForumClub 2024

*ForumPiscine 2024 aligns with the 15th edition of the event, adopting a "cross-sector" approach to encompass the pool & spa, fitness & wellness & sport, and outdoor sectors.  
The keynote speaker is the Minister for Sport and Youth, Andrea Abodi.*

A unique event in Italy amalgamates three distinct exhibitions to create an extraordinary three-day platform for networking, business, and updating. All complemented by a cross-sector exhibition area spanning the pool & spa, fitness & wellness & sport, and outdoor domains. The convergence of ForumPiscine, ForumClub, and Outex, collectively known as XXXLeisure, occurs on February 14-16, 2024, at BolognaFiere in pavilions 25 and 26, along with the adjacent Centro Servizi. The event aims to showcase the leisure industry worldwide, featuring market innovations, services, technologies, and solutions, facilitating professional growth and business enhancement. The XXXLeisure event in Bologna coincides with the 15th edition of ForumPiscine - International Pool & Spa Expo and Congress, as well as the 25th edition of ForumClub - International Congress & Expo for Fitness, Sport and Wellness Clubs, not to mention the second edition of Outex - Outdoor & Leisure Experience, thereby uniting the three realms of well-being within this grand event.

### Culture and Technology

ForumPiscine is a cultural and trade event for industry professionals with free access. The rich calendar of high-profile insights targets builders and managers, complemented by live shows showcasing the expertise of the exhibiting companies. ForumPiscine is also an Expo, featuring influential distributors, manufacturers, and emerging entities, providing a broad range of segments in the pool sector. This event proves to be an unmissable opportunity for operators, builders, installers, buyers, pool managers, wellness clubs, designers, and individuals, offering a comprehensive view of technical and aesthetic innovations for the design, construction, maintenance, and management of aquatic facilities, both residential and commercial.

### **Outdoor Wellness - Pad. 25, Stand A33-C33**

The 'Outdoor Wellness' installation by Studio Apostoli, the highlight of this edition, revolutionizes traditional exposition by creating a dynamic space dedicated to outdoor well-being. Designed in collaboration with leading companies, it features innovative ergonomic furnishings and convivial areas with outdoor saunas and Turkish baths. The exhibition experience is enriched by conferences and talks led by architect Alberto Apostoli, integrating the cultural aspect with the experiential one. A radical vision of outdoor spa and wellness, highlighted by the lively transformation from a static showcase to a dynamic narrative."
